& SALLY STRUTHERS

APRIL, 2013 (FIFTH EDITION)
Introduction to the Fifth Edition, 2013

At the beginning of fall term, 2008, Senior Vice President and Provost, Dr. Helen Grove, approached me with the idea of creating a recognition event for our faculty scholars. Many of our Sinclair Community College faculty members are not only highly effective teachers, but are recognized as scholars within their respective disciplines, as well. Our Sinclair scholars represent Sinclair across the country - and internationally - presenting their research at scholarly conferences, and publishing articles and books and other scholarly and creative products.

A call for faculty scholarly bibliographies was made early in 2009, and the response was tremendous. With the help of volunteer editors Trudy Krisher (Academic Foundations Department), and Tom Martin (Humanities, Government and Modern Languages Department) the first Sinclair Faculty Scholars bibliography was compiled and edited, listing the best of our faculty scholarship. In spring, 2009, a recognition reception, sponsored by Provost Grove, was held, and the first bibliography printed. Subsequent editions have been printed each year since.

Our reviewing committee for the 2013 edition consisted of Connie Beal (Nursing), Mike Brigner (Paralegal Studies), David Meyer (Manufacturing and Operations Technology), Tom Martin (History) and Sally Struthers (Art & Academic Foundations) – representing all four Sinclair Academic Divisions. Thank you to contributors who all helped to edit the final draft, as well!

We hope that this bibliography will expand with new scholarship each coming year, so we can continue to celebrate the accomplishments of our faculty scholars.
